David Cowan Relief Fund

Cheddie's Generous Contribution
The case of David Cowan, brought to our readers notice in last issue by Cheddie Ladies Club, has aroused a great deal of sympathy, and members of Strathmore Women's Institute are taking up subscriptions locally.

The young man for whom the subscription is being taken up has been in bed for over three years, and it is to secure him treatment by an osteopath that the present appeal is being made.

The following is the list from Cheddie of moneys received for the Cowan Trust Fund:

H. Miner	5.00
Fred Mackenzie	5.00
J. A. McDonald	5.00
R. Miner	5.00
R. Lundenbach	5.00
D. Stuyth	5.00
A. Novak	5.00
G. Jackson	5.00
W. M. Keer	5.00
Cheddie Dance Club	12.50
Miss Lundenbach	17.10
H. Finnegan	5.00
Cheddie Dance Club	12.50
J. H. Stuart	5.00
S. Allsup	5.00
Mrs. Cluff	2.00
O. G. Craig	2.00
Mrs. Craig	2.00

Total \$225.
David Little a fellow patient of David Cowan paid \$100.00 to Dr. Stern for November and December treatments.

The following has been collected up till Monday morning by Strathmore Women's Institute through the efforts of Mrs. W. C. Tucker.

Sam Richardson	25c
W. L. Tibbets	25c
Mrs. W. C. Tucker	\$2.00
W. L. Marshall, 1st, for 6 months	\$12.00
M. Moore	\$2.00
M. Prohseker	\$2.00
Howard Morgan	\$2.00
Jos. Vanthelen	\$2.00
Mr. Patrick	\$2.00
Hugh Berry	\$2.00
David Conard	\$2.00
Joe Smith	\$2.00
W. C. Tierney	\$2.00

G. W. V. A. Meeting

A meeting of the Strathmore Great War Veterans Association was held in the King Edward Hotel on Friday evening. There was a good attendance. A considerable amount of routine business was disposed of.

It was decided not to send a delegate to the Montreal Convention this month on account of the expense, and calls upon the funds made recently by sickness, etc. The proxy for Strathmore was instructed to be delivered to T. Dice, Alberta, representative on the Dominion Executive.

Bylaws for the association were submitted by the Secretary, Camrade Forward, and given their first and second readings.

The presentation of a Past President's gold badge bearing the crest of the G.W.V.A. was made to Camrade John Mackenzie, in recognition of his services as President of the G.W.V.A. in 1919.

After the business of the evening was disposed of, refreshments were served, thus concluding a very successful meeting.

The membership of the Strathmore G.W.V.A. continues to increase, and has now reached a total of 75, all men who have been overseas. It has now the largest membership of any branch on the main line between Calgary and Medicine Hat.

The Memorial Hall project is to be boosted along this spring, and it is hoped to be able to make a start on building operations this spring. The bad weather and roads during the winter has interfered with the canvass but it is hoped that during the next two to three weeks, and the public response will be of a nature that will make the Memorial something that will be a memorial in the true sense of the word, and worthy of the cause in which it is erected.

Every returned man in the district should be a member of the G.W.V.A. Each man who has been overseas, but during the past winter it has been difficult to get in touch with returned men from the country. The G.W.V.A. is the address intended. It has helped a number of members to get their gratuity, especially in the case of those who have been in the Imperial Army, and are now entitled to Canadian gratuities, and has worked for better pensions for the disabled, and hopes soon to get further concession from the Government to see the soldiers properly re-established. It also performs a great social function in keeping up the spirit of comradeship which was engendered by the war. The Secretary of Strathmore G.W.V.A. is Camrade H. H. Forward, and he is always ready and willing to give all information and assistance possible.

Footballers Get Busy

The following letter has been received this week from Howie H. H. speak for itself. Strathmore has lots of men who could play, and there is no lack of interest in the game. Secretary, Football Club, Strathmore, Alta.

Dear Sir,
The Strathmore Football Club was organized on Tuesday, March 9th, at the desire of the above club to do the best in having a football league formed of teams from between Calgary and Medicine Hat, with headquarters at a central point.

If you are interested in forming such a league, it will be greatly appreciated if I will be communicated with in view of arranging a date and place for meeting of delegates.

Yours faithfully
HERBERT CROOK
Sec-Treas. Strathmore Football Club

CARDS OF THANKS

Mr. and Mrs. N. H. Garrett wish to thank their many friends who assisted them throughout their recent bereavement.

CLYDESDALE STALLION FOR

ALBERTA
Hon. Duncan Marshall, Minister of Agriculture, announced to the legislature Thursday afternoon, that he had purchased a stallion for use in the province under the vote made for this purpose last session.

HAIR INSURANCE in 1919

The financial statement of the Hair Insurance Board has just been published and the report shows that not withstanding the fact that crop conditions in some parts of the province were rather bad about the time hair insurance is generally paid, a large volume of business was done, very satisfactory results were obtained, and a good financial showing was made at the end of the year's business.

The Hair Insurance District comprises the 67 municipal districts that voted in favor of the Act in February 1919. The total acreage in crop last year in this area is estimated at about 2,550,000 acres. At the beginning of the season over fifty percent of this was insured under the municipal plan. A considerable area was insured by private companies, but a total of 1,609,311 acres was insured throughout the season.

The total amount of insurance carried was about \$12,500,000 over ninety-four percent was for \$8.00 per acre, and less than six per cent at \$6.00 per acre. The premium rate was fixed at six percent and the total premiums were \$753,524.48. The cost of the insurance at this rate was forty-eight cents per acre for insurance at \$8.00 and thirty-six cents for insurance at \$6.00 per acre.

The total losses for the year were \$562,957.78 and at the end of the year there was not a single claim unsettled or outstanding. The largest loss in any municipal district was \$77,904.39 in a municipal district south of Calgary and the next largest was \$61,592.85 in one north of Edmonton.

To carry on the business of the district the sum was repaid by January 1st, with all accounts paid to that date, there was on hand \$87,641.68. The total surplus to be carried forward to this year's business was \$193,324.72, of which \$100,000 has been set aside for a reserve fund and this fund is invested in Province bonds bearing interest at five percent.

There were approximately 2,000 claims for loss during the season covering damage to nearly 200,000 acres, the average loss being about \$25.00. The Board believes it has established a record for prompt adjustment of claims and payment of losses that has not been equaled in the province, the average time for inspection being nine days after the storm and the average time for the first payment being less than fourteen days after adjustment.

It is believed that with the benefit of the year's experience, and a better working knowledge of the Act on the part of the claimants this record can be surpassed during the coming year.

The contracting parties were Miss Ada Lawson of Strathmore and Mr. Percy Wright of Halkirk. The bride was attired in a cream serge suit with yellow hat to match and was attended by Miss Edith Gray who wore a very pretty dress of brown silk and picture hat.

Mr. Oliver Wright gave the bride away and Mr. Syd Hyde acted as the groom's best man. After the ceremony a lunch was served at the home of Mr. and Mrs. Hyde the table being tastefully decorated with flowers.

The happy couple left on the evening train for Edmonton.

Both the newlyweds are well known locally. The bride just recently returned from a winter's visit to her home in England.

Big Wage Case

On Tuesday and Wednesday of last week Mr. Justice McCarthy in the Supreme Court heard evidence in two wage cases in which local people were involved.

The claims were at the instance of John McMahon and wife and were directed against Leo McDonald and his wife. The Financiers claimed wages for 17 months prior to November last. The defense was that the claimants agreed to go to the McDonalds, to whom they are related, and that no wages were to be paid.

After hearing evidence from the plaintiffs, Mrs. McDonald, Leo did not appear, Johnnie Schultz and Patrick McMahon, Mr. Justice McCarthy held that wages were payable and assessed the amount at \$750.00 with costs.

Council for Plaintiffs, D. M. Sturt, instructed by T. M. Weary; for Defendants, Geo. H. Ross, K.C. and J. T. Shaw.

Dies in Snow Storm

During the heavy storm of Sunday, R. Raycroft, middle-aged man employed by the Strathmore Farm, was found pinned by a snow-drift. He had come out the same afternoon to feed stock, and not having returned, some of the men went out to look for him, and found him as above stated, at six in the afternoon, quite dead.

It is probable that the heavy gate had been swung by the wind while he was opening it, and being unable to get clear, he died of exposure.

Such regret is expressed in Strathmore and district at the sad occurrence as deceased had been in the employ of the Farm for several years, and was well liked. His mother died only several weeks ago, and his other relatives who have been advised, live in the U.S.A.

Strathmore, Alberta, March 17th 1920

PEP FOR THE PESSIMIST

"The time of the singing of birds is at hand." This long cold winter has been a discouraging one, winter with high cold bills. But, nevertheless, it is over, but it is not over. We will soon be in the banking in the bright sunshine of the spring of 1920, and looking confidently, as ever, towards the bumper crop which sometimes materialises and sometimes doesn't.

This should be a good year for this section of the country. Prospects for 1920 are very good. If the dry spell of the district can raise the crop they did in the rainfall they had last year, they should be able to do much better this year, with the moisture that is in the ground since last fall, and the snow blanket that has covered the earth all winter. Then we have irrigation in the district. Irrigated lands are rising higher in value every year throughout Western Canada, because they have passed the experimental stage, and are producing results which more than repay the cost of labor.

Everything considered, we have reason to be optimistic. The more optimistic we are the better we are getting on. "Depression" as President Wilson said, "is physiological."

Locally, there are several schemes on hand this year that ought to be put through, and next winter we can congratulate ourselves that 1920 has not been in vain. First, there is the G.W.V. Memorial Hall. A title of the enthusiasm displayed for the soldiers during the war would erect the hall in two months. Then there is the organization of an Agricultural Society, which will be worth while, and a benefit to the district. If next fall we should have a curing rink in shape for winter. These are only a few ideas. Others should suggest themselves to the progressive. We have the misfortune to have in this town and district a few people who deem it their duty to exercise the function of a wet blanket on every scheme that is put forward for civic betterment, whether in the field of amusement or business. There is no reason why Strathmore should not be in the front rank of the towns in the province. It is in some respects in the forefront, but in others it is not. We have the territory behind us, and the opportunity, but every business man and farmer who does not push to the limit to supply the public wants and work with his neighbors to promote civic progress, is a drag on everyone else. Put some pep in the pessimists. The world is going ahead. Let us go ahead with it, or even ahead of it.

COMMENTS

The retreat of Messrs. Angus Watson, E. E. Green, and J. P. Lawrie from the Bow Valley Municipal Council should not go without comment. These three men have been connected with the rural municipal affairs for a long time past, back to the days of the local improvement district, and as members of the Council they have always done their best for the improvement of conditions, with the result that Bow Valley is now one of the best Municipalities in the Province. They did not allow their names to go forward at the election last month because they felt that they had done their share of the work, and it was time for someone else to take up the burden. Of course, there is a great deal to be done yet before our roads are in what could be called good shape, but they have improved immensely since the formation of the Municipal Council, and this has been done out of current taxation, the Municipality being free of debt since its incorporation. Bow Valley is known throughout the Province as a model Municipality. While much of the credit of this is due to Mr. W. C. Way, the energetic secretary, yet the broadminded way in which the Council has always looked at local questions has had much to do with it. We have no doubt that the new Council under Mr. Frank Skene, as Mayor, will continue the good work of his predecessors.

Quite a few nearby districts are forming Good Roads Associations. While the rural and town council have done most of the work, yet there is room here for the existence of a Good Roads Association.

The new bridge over the Bow south-east of Carleton and south of Strathmore is being pushed ahead, and is expected to be finished in May or June of this year. If it is looked after a lot of business will come from the south of the river, and now is the time for the folks on the north side to get after it. There will be competition on the south side, but the advantages lie on the north.

During the last few weeks, when the flu epidemic was at its height, the Strathmore Cemetery was more in prominence, than, locally, it is at most times. It is not about time that something was done to plant more trees, and there, not up a good wall, fence, and generally make it less like a bit of the raw prairie.

In this issue the C.P.R. Creamery are advertising for cream, and at the price offered it is apparently a better way for the farmers to sell their cream to the Creamery than to make butter or ship cream by rail. It is sometimes overlooked that we have a full sized creamery here, with capacity sufficient to handle the product of the whole district.

Ernie Gidner's present town policeman, is going to leave us at the end of the month, and will be replaced by his old trade in the coal mine. We hear that it is the Council's intention to hire a man this time who will devote his whole time to police work, and looking after things generally around the town. The famous police uniform will be to the fore again. If we get a full sized policeman this time a few of the trucks will have to be taken out of the coat.

Government Clyde Stallion

Parties wishing to breed mares to the Clyde stallion purchased by the Alberta Department of Agriculture, "Cradle" Masterpiece, 18297 during the season of 1920, will make application to S. G. Campbell, Live Stock Commissioner, Department of Agriculture, Edmonton, Alberta, and registration number of mares. A fee of \$25.00 will be payable at time of service, and a further fee to be fixed by the Clyde Committee and the Live Stock Commissioner. Will be payable when mare proves to be in foal.

The location of the horse in the province will also be decided by this committee, and arrangements will be made that the service fee in every case will cover the freight on its to equalize cost to parties residing in different parts of the province. For the particulars will be published shortly, but parties desiring to breed mares should make application at once. The stallion will likely be ready to begin the season about May 1st. The Committee and Live Stock Commissioner reserve the right to revise the list of applications and make such rules and regulations as may be deemed necessary. For the service of this stallion.

Live Stock Commissioner

152

STANDARD TO JOIN CALGARY HOSPITAL DISTRICT

The deferred hospital meeting was held on Friday, March 19th with a full attendance. The meeting was addressed to A. C. Mackay, provincial chairman of municipal hospitals, who explained the proposed union which is now pending. Vice a large hospital district with Calgary as center, with small satellite hospitals or first aid centers, etc., at which it is deemed advisable to erect them. It was shown that, as the business hospital district extends as far west as Calgary, and that since Calgary and Edmonton districts are joining the Calgary district, there would not be sufficient territory in the remaining township to keep up a hospital standard without co-ordinating territory. Mr. Mackay advised the residents of this locality to apply to the Calgary Hospital Board, at its first meeting after the district is formally organized, to have a hospital district established in the township. He was positive that the application would be favorably received, if the circumstances of the township, etc., were explained to the Board. The Calgary Hospital Board will consist of members from every incorporated village, town and municipal district in the area under its control. The meeting went on record as favoring union with the large Calgary Hospital District.

We expect that announcement of the date of a date in Noddyland will be made in due season.

FOR EVERY FIELD OPERATION

The Case 15-27 Kerosene Tractor was designed for many uses, not merely for plowing. It is built by a concern which has been serving farmers for 27 years and knows what the many purposes to which the tractor should be put.

Only an all-purpose tractor like this can earn the tractor for you. Its days of usage are greater. A less-useful tractor should be scrapped.

For all kinds of field work and belt work, this Case 15-27 has won country-wide renown. It pulls three plows in hard plowing or four plows under favorable conditions, and other field implements requiring similar power.

It drives a Case 25-16 Tractor or with wind-starter or feeder or other belt-driven machinery requiring like power.

This tractor has dozens of betterments undreamable in any other machine. You should be conversant acquainted with it before deciding which you will buy. We will be glad to help you judge it.

PATRONIZE YOUR LOCAL CREAMERY. STOP MAKING BUTTER (AT HOME.) STOP SHIPPING YOUR CREAM. YOU ARE LOSING MONEY

READ THESE FACTS

1. We pay more for sweet cream than you can get at any other place, (still 70c per lb. butter fat and going strong.)
2. We will continue to pay the highest possible price throughout this season.
3. We accept small as well as larger quantities of cream.
4. We are open every working day of the week and every working hour of the day from 8 a.m. to 4 p.m.
5. No red-tape, no loss of time like when you ship; we're right on the job and weigh your cream while you wait.
6. All we ask for is a good clean article; bring your cream often and bring it sweet.
7. More cream from you means bigger business for us and better prices for you.
8. When you patronize a local concern you boost your own district and you know what this means to you.
9. This creamery is here for your benefit, be business-like and take advantage of it.
10. Hence, bring us your cream, we want it and we'll use you white.

SHOULD ALFALFA BE GROWN OR
IN MIXTURE WITH GRASSES?

—O—

(Experimental Farm Notes)

As alfalfa is generally grown alone. The difficulty to secure a good stand experienced in the past is to be entirely responsible for this practice, as it has become a sort of a habit, meretricious to "give alfalfa every possible chance to establish itself" on this account it is recently deemed wise to see any grass with the alfalfa because it is considered that, in doing it, there may be a certain danger of the alfalfa not getting the best opportunity to grow in a four foot field. This view is undoubtedly correct in the majority of cases, especially where, on account of climate and soil conditions, the growing of alfalfa may meet with some difficulties.

On the other hand, experience has shown that, in sections where alfalfa can be grown easily, some admixture of certain grasses may give excellent results. In Western Canada mixtures of alfalfa and Western Ryegrass yield excellent crops providing that the mixtures are so balanced that the alfalfa and the Western Ryegrass are given equal chances to establish themselves. In Eastern Canada several grasses have been tried in mixture with alfalfa, and the results so far obtained certainly seem to indicate that such mixtures may profitably be grown, providing that the right variety of grass is chosen.

When choosing the grasses to be used in mixture with alfalfa, it should be kept in mind, in the first place, that such grasses are apt to choke out the alfalfa on account of their inclination to spread out must be avoided, and, secondly, that only those which are truly are of any particular value. Timothy for instance, which reaches full development comparatively slowly, is not very satisfactory in mixture with alfalfa. When the latter is ready to cut for hay, the timothy is hardly more than half-ready the consequence of course being that the full benefit of it is not being realized. To deter the cutting of the mixture until the timothy is at its best, cut of course not be recommended, for, by doing so, a poorer quality of hay will be secured as far as the alfalfa is concerned. It will also check the prompt development of the second crop.

The grasses which go best with alfalfa are those which are ready to be cut at the same time as the alfalfa. There are three grasses of this type that deserve to be mentioned, viz., Tall Cut Grass, Orchard Grass and Rhodes Grass.

The Tall Cut Grass is comparatively susceptible to cold winters, and should therefore not be used in districts where the winters are very severe. Where it can be grown without losses on account of winter-killing, however, it grows excellently with alfalfa.

The Orchard Grass is especially well adapted to well drained soil, and on such land, it may to great advantage be used in mixture with alfalfa. Its nutritive qualities are excellent and besides it has the reputation of being one of the best seed checking grasses known.

The Meadow Fescue which is universally recognized as one of the most valuable grasses, especially for dairy cows, has the advantage over both Orchard and Tall Cut Grass in that it is harder. It may therefore be used with alfalfa in districts where the winters are very severe. It also comes on quicker after cutting, contribute more to the bulk of the second hay crop provides more pasture. In case the field should be used for that purpose and yields better results on land which is somewhat wet on account of imperfect drainage. On the whole, the Meadow Fescue may be universally recommended in mixture with alfalfa.

Canada Can Make Scotland Go Dry

Drun Country of Whisky is Only Way, Says Graphic Correspondent

LONDON, March 11.—A special correspondent of the Daily Graphic says that the only way Scotland is likely to go dry is by Canada draining her of whisky. A greatly increased area is being sown with barley, and the correspondent declares he has seen evidence in the hands of a whisky exporting firm that Canada is prepared to take more whisky than Scotland can supply.

"Vintners for instance, have been getting hundreds of cases per month 'sent us more,' says the correspondent.

According to the correspondent, a Scottish distiller sent off the idea of prohibition in Scotland, adding: "Prohibition in Canada is a farce, and we have a splendid market there for more whisky than we can spare."

Craigantler

Miss Ruth E. Porteous who has been teacher at the Craigantler school since last September left for Nova Scotia on Wednesday, March 2. Miss Porteous was called back to her home as her mother is seriously ill. Miss Porteous did not expect to be able to return to teach in Craigantler district this term.

The Craigantler school trustees were seen for once all together. They were going to a school meeting discussing school problems all the way. H. B. Grant, the secretary, is trying to secure another teacher in Miss Porteous place.

Peter Peters was calling on old friends in the district last week.

Food is going to be scarce if the winter holds on much longer. We had a fair share of snow last year. There were only three months last year in which we did not have some snow, and it was a good thing for the country. Had it not been for the snow in April and May last year the chances would have been very poor for a crop.

Archie Carvick is making good progress in the building of his house. Archie is a carpenter, engineer and general handy man—the right kind for a woman to have.

J. A. Grant has had some letters from different people asking about Craigantler district, and even around Standard. The answer he gave was that he did not think the land or the farmers could be beaten, most of the farmers having made their stake.

A certain young man who lives near Standard will have his mind more on Nova Scotia than on his work this spring.

BUY AT HOME

Buy at home and help to build up a good community centre. Don't be misled by mail order catalogues and advertising circulars of city firms. Before sending away find what the local merchants and dealers have to offer and at what prices. In most cases they will be able to satisfy your wants and please you with the reasonableness of their prices. The local merchants, blacksmiths, garage-men, and other agents and dealers appreciate your trade. A dollar spent at home may eventually return to you in the increased exchange of commodities within the community itself.

Local business men can find no better way of bringing their goods and their prices before the general public than by using the columns of the home paper. Let people know that you are in business, show them what you have to offer and the results will show that advertising pays.

THE CARE OF A CAR SHOULD BE A HABIT.

"The care of an automobile is really to care at all if it is done in the right way," says Harold Bell, local dealer in Chevrolet passenger and commercial cars.

"Motor car trouble usually results from putting off adjustments that should be regularly attended to. In most cases the cause can be traced to the carelessness of the owner and should be regularly attended to."

"Proper care begins with the purchase. A car should be chosen whose weight is nicely balanced that there is no undue strain on any vital part. The materials should be light but strong. Springs should be ample play to protect all mechanical units from the shock of the road."

"Above all it is important that the motor has ample power to move any load that may be put in the body and take it where necessary."

"Such a car as this is easy to take care of because hard use does not affect it. But even so it should have regular and intelligent attention from those who depend upon its service."

"Just as a horseback rider runs his eye and hand over his animal before he mounts, so the automobile driver should inspect his machine. A glance under the hood with motor running, attention to any sound that is not in tune, a measurement of gas, water and oil, and a test of wiring and even tires, should all become a matter of habit."

"These are just a few high spots the careful owner takes into consideration. He always gives them his attention at the latest. Making sure that they are right in the beginning soon becomes second nature."

"The practice of a rapid inspection of vital units costs nothing and saves all necessary annoyance and expense in the end."

Crewfoot News

Mr. and Mrs. A. Barnett, Mr. and Mrs. Buckenfield spent Sunday with Mr. and Mrs. S. F. Garriot.

Mr. and Mrs. W. Schuman of Maple Lake, Minn. are at present visiting with their son Mr. Fred Schuman.

Rev. Hipkin took dinner Sunday with Mr. and Mrs. E. England.

Mrs. B. Stangler a former resident of this district is at present in Calgary and is expected here for a visit soon. Work on Mr. Stangler's new barn is progressing favorably, the frame work is practically finished.

Messrs. Colwood Bros. of Meleod who have been wintering a bunch of horses at Mr. D. R. Garriot's moved them last week and are at Campbell and Ericksons for the rest of the winter.

Mrs. W. S. Schuman spent Saturday with Mrs. A. Barnett.

Due to the stormy weather Sunday there was no C. E. meeting Sunday evening.

Mr. D. R. Garriot returned recently from a short trip to the coast. Mrs. Garriot remained at the coast for a few weeks.

All those present at the social at Mr. S. F. Garriot's had a splendid time despite the cold weather.

A number from here attended the Harlo Brown Sale last week. Mr. E. England purchased two teams of horses, Mr. D. England also purchased a team.

Mr. Fred Schuman was a Calgary visitor last week.

Mr. Albert Clavers and family have moved into their new home, the place recently purchased by Mr. A. J. J. Weyers.

Miss Ruth Scheer who is attending Mount Royal College, Calgary, has been sick with the measles lately.

Mr. L. Becker who has been looking after the cattle at Mr. J. A. Cammer's this winter leaves shortly for his home at Jenner, Alta.

Mr. Robert West and Mr. Norman Scheer, who are visiting in the States this winter are expected home shortly.

PRESIDENT BEATTY ON Y. M. C. A. WORK.

In a foreword to an attractive little pamphlet issued by the Railway Y.M.C.A. of Canada, Mr. H. W. Beatty, President of the C.P.R., pays a tribute to the work of the association. The high value of the work, says Mr. Beatty, "of the Young Men's Christian Association in the interests of men and boys has come to be generally and properly recognized, particularly on account of its athletic and accomplishments on a half of our soldiers during the recent world war."

Among the various spheres of the Association's activities, not the least valuable is the work of the Railway Branches which minister to the intellectual, the moral and the physical needs of railway men irrespective of race or creed.

The inception of this work on the Canadian Pacific Railway dates back to 1906 when the building at Revelstoke, B.C., was erected, and in 1907 were the first Railway Branches. Since that time 5 additional branch buildings have been erected. These provide some interesting and comfortable for men in train service with every form of recreation and amusements available to them.

"It is not only that good meals and clean beds and bathing are provided, but the educational and cultural recreational facilities and opportunities for social improvement which are afforded, and the many contributions to the well-being of the men and benefit the community in which they live, and the company with which they are employed."

"The many who are active members of the work on the Canadian Pacific Railway are in fact, the Y.M.C.A. in its own right, and it is to be expected that they will continue to express their appreciation and appreciation, have without doubt, been achieved through the earnest and loyal cooperation of the Company's employees with the Association's officers and staff, and with the continuation of their efforts for the future success of the work."

I feel sure, he confidently expressed in these words.

The Railway Y.M.C.A. provided a vision held in railway men and served 325,000 meals in 1929. The buildings are valued at \$300,000.

 STRATHMORE ALBERTA

Local Jottings

Several removals have taken place last week. Mr. W. Marshall and Mr. Tom Crawford switched homes, the former going to first street and the latter to second. Mr. Crawford has bought the first street property from Dr. Giffin, and Mr. Crawford the house on second street from Mr. Joe Desmet.

Footballers get busy. Irons has organized, and wants to form a league. There is lots of good material in Strathmore for a team.

The opening of the Veterans Memorial Hall at Chancellor will take place on Friday of this week. Supper will be held, and afterwards there will be speeches and musical programme, followed by a dance. Chancellor G.W. V.A. and the people of the district are to be congratulated on having their hall completed and going before any other town or village in the district. It ought to be an incentive to districts and the other points that are going to show on their terminals.

Mr. Alex Gray, who came here from overseas has been employed at Marshall's with the C.P.R. Insurance Department, is leaving with Mr. Gray this week for his home town and pre-emption near Lethbridge. Alex's departure from this district is regretted, but we wish him all success in his future operations.

Buy your Easter Eggs at the sale on Saturday, March 27th at the King Edward Hotel Sample Room. Eggs, sealed and, etc. Catherine Laidlaw Ltd. 312-9.

A curious occurrence happened here the day last week. A farmer was employed to remove a Money Order and letter from an export liquor firm. The letter was out of the box of goods, and was found containing a letter from his money order. He had not sent any order, but received the letter from the liquor firm and found several statements on him at the depot, which he returned, carrying them to a bank of the gods. We hear however, that there is a very pronounced dryness in the irrigation belt immediately west of Strathmore, which all the water that can be turned on through the main canal this summer will not remedy. The summer liquor firm is certainly an inducement for anyone to get married and have a home of his own.

Dates of great interest to local tractor owners will be March 19 and 20, when the Ford Motor Company are sending two experts tractor mechanics to demonstrate the care, repair and operation of the Ford tractor. For those who at present have a Fordson tractor, or those who are thinking of investing in one, this will be a good opportunity to pick up a lot of information.

Strathmore Women's Institute will hold a dance in the Opera House on Easter Monday evening, April 5th, 1930. All cordially invited. Tickets 15c for gentlemen, ladies 50c. Lunch will be provided, and Mrs. Trimmer's orchestra will provide the music.

192-9

DANCE POSTPONED
 Owing to the inability to secure an orchestra for tonight, the spotlight dance that was to be held this evening has been postponed. An announcement as to when it will come off will come off will probably be made at the picture show tonight.

Tonight's feature picture is *My Darling*, in "Perry goes to the limit" and comedy pictures.

The pictures, since they started up here, have drawn crowded houses and are apparently filling a big want.

CARD OF THANKS
 To the friends who were so kind during our recent illness, Mr. M. Eugene Sly and Mr. and Mrs. Victory who in extend their sincere appreciation. The services rendered by Mrs. Todd, Mrs. M. C. Brown, Mrs. Macdonald, and Miss Symon will long be remembered with gratitude. The floral offerings were gratefully received as evidence of sympathy and respect for the departed. In conclusion we can only express in words our gratitude to the community for their kindness and sympathy.
